NOTICE OF VACANCY Energy Committee

NOTICE IS HEREBY GIVEN that the Westminster City Council is now accepting applications for vacancies (two regular members and five alternate members) on the Energy Committee, for a two year term.

The Energy Committee consists of five regular members and five alternate members appointed by the City Council. Their focus is to look at what can be done to protect access to electricity and natural gas for the City of Westminster, for the residents and businesses; what efforts can be made to keep rates under control; what suggestions can they entertain for reducing energy usage at the "City"; identify and evaluate possible alternative sources of electricity and natural gas; and review and evaluate proposals for legislation and/or administrative regulation at the state and federal levels, which would change the aspect to the system for generating and distributing energy in California.

The Energy Committee meets on an as-needed basis, without compensation.

If you are interested in serving on the Energy Committee, please contact the City Clerk's office at (714) 548-3174, to secure an application. Completed applications should be returned to the City Clerk's office as soon as possible.

/s/ Robin Roberts, MMC
City Clerk

DATED: February 10, 2011

POSTED: Westminster City Hall
